DDCI

Secretary, IAC

**Internal CIA Distribution of Handbook of Standing  
Subcommittees of the IAC**

1. Copies of this handbook have been returned from the printer and we are in the process of distributing them to the IAC agencies in the number they requested. You will recall the IAC set a rough upper limit of 10 copies per member.
2. Because you were personally interested in the extent of the distribution of this publication, I thought I should double check any internal CIA distribution with you. The fact that CIA chairs so many subcommittees might justify a somewhat wider internal distribution within CIA than in the case of other agencies. I believe the attached list will give such subcommittee chairmen access to the volume through their respective AD's. Will you please indicate if you approve, or suggest any additions or deletions?
3. The attached copy of the handbook is for your personal files.
